

## LOS ANGELES COUNTY SANITATION DISTRICTS

### SIGNIFICANT NONCOMPLIANCE OF INDUSTRIAL WASTE PRETREATMENT REQUIREMENTS

#### For Calendar Year 2024

The United States Environmental Protection Agency (EPA) General Pretreatment Regulations for Existing and New Sources of Pollution, 40 CFR Part 403, require the Los Angeles County Sanitation Districts to publish on an annual basis a list of Industrial Users which, during the previous 12 months, were significantly violating applicable Pretreatment Standards or other Pretreatment Requirements. For the purpose of this provision, significant noncompliance is defined under 40 CFR 403.8 (f)(2)(viii) and 55 Federal Register 30082 as, (1) Chronic violations of wastewater Discharge limits, defined here as those in which 66 percent or more of all of the measurements taken for the same pollutant parameter during a 6-month period exceed (by any magnitude) a numeric Pretreatment Standard or Requirement, including instantaneous limits, as defined by 40 CFR 403.3(l); (2) Technical Review Criteria (TRC) violations, defined here as those in which 33 percent or more of all of the measurements taken for the same pollutant parameter during a 6-month period equal or exceed the product of the numeric Pretreatment Standard or Requirement including instantaneous limits, as defined by 40 CFR 403.3(l) multiplied by the applicable TRC (TRC = 1.4 for BOD, TSS, fats, oil & grease, and 1.2 for all other pollutants except pH); (3) Any other violation of a Pretreatment Standard or Requirement as defined by 40 CFR 403.3(l) (daily maximum, long-term average, instantaneous limit, or narrative Standard) that the POTW determines has caused, alone or in combination with other Discharges, Interference or Pass Through (including endangering the health of POTW personnel or the general public); (4) Any discharge of a pollutant that has caused imminent endangerment to human health, welfare or to the environment or has resulted in the POTW's exercise of its emergency authority under paragraph (f)(1)(vi)(B) of this section to halt or prevent such a discharge; (5) Failure to meet, within 90 days after the schedule date, a compliance schedule milestone contained in a local control mechanism or enforcement order for starting construction, completing construction, or attaining final compliance; (6) Failure to provide, within 45 days after the due date, required reports such as baseline monitoring reports, 90-day compliance reports, periodic self-monitoring reports, and reports on compliance with compliance schedules; (7) Failure to accurately report noncompliance; (8) Any other violation or group of violations, which may include a violation of Best Management Practices, which the POTW determines will adversely affect the operation or implementation of the local Pretreatment program. For the purpose of this publication "Pretreatment Standards" are "any regulation containing pollutant discharge limits promulgated by the EPA in accordance with section 307 (b) and (c) of the [Clean Water] Act, which applies to Industrial Users. This term includes prohibitive discharge limits established pursuant to Section 403.5" (Section 403.3 (l)). The term "Pretreatment Requirements" means any substantive or procedural requirement related to Pretreatment, other than a National Pretreatment Standard, imposed on an Industrial User (Section 403.3(t)).

The Los Angeles County Sanitation Districts found the following industrial facilities to be significantly violating applicable Pretreatment Standards or Pretreatment Requirements during 2024. All of these companies have been subject to the Los Angeles County Sanitation Districts' administrative enforcement procedures.

A & G Engraving, Inc., Vernon, #11013, (2); AA Meat Products Inc., City of Commerce, #20023, (1, 2, 6); ACM Technologies, Inc., Gardena, #21661, (1, 2); Adel Wiggins Group, City of Commerce, #13617, (1, 2, 6); AdTech Photonics, Inc., City of Industry, #22170, (6); Aerotec Alloys, Norwalk, #21772, (1, 2, 6); Air Fayre CA Inc, Gardena, #22317, (6); Allblack Co., Inc., Whittier, #22931, (1, 2); Arcadia, Inc.,
